Fuchsias . . .

We maintain growing plants of all our Fuchsias for display purposes and our garden is a riot of color all during the summer and fall. The public is cordially invited to enjoy this display and here you may see the Fuchsias grown in the various forms; trailing in hanging pots, trained to tree form, and also espaliered. Each year we hold a Fuchsia Show at the Nursery open to the public when Fuchsias are at the height of bloom. This generally occurs in early September and at this time a preview is given of new varieties to appear the following spring. Keep this period in mind as we have thousands of people who eagerly look forward to this occasion.

CULTURE—Fuchsias love the shade and moisture and for this reason are well adapted for the shady side of buildings where they give a wealth of bloom. They respond to a rich soil and applications of well rotted manure is advocated with additional feedings of more concentrated plant food. They will not stand an outside temperature below 20 degrees Fahrenheit.

PRICE—Price of all plants except where noted otherwise is as follows:

From 4-inch pots, 35c each.

Many varieties in larger sizes from 50c up.

Trailing varieties in 10-inch hanging pots, \$2.50 each.

New Introductions in hanging pots at \$3.50 each

SUBSTITUTIONS—When ordering by mail it would be wise to list a few substitute varieties in case certain ones ordered are out of stock. Otherwise we will use our discretion in making substitutions.

SALES TAX—All orders in California carry a 3% Sales Tax and should be added to remittance sent. Orders shipped outside of California are not subject to this tax.

SHIPPING—We prepay all cash orders over \$4.00 in California. Outside of California, shipping charges are to be paid by purchaser. Such orders will be sent charges collect if payment does not cover. For instance, four plants from four-inch pots will weigh three pounds packed for shipment and for each plant over four add one-half pound and rates from the different zones may be computed.

SAMPLE SHIPMENT—A Special Offer of 12 plants, all named and different, for \$3.50. Postpaid west of the Rockies. Add \$1.00 for shipment east of Rockies.

50 Plants, all named and different, for \$12.50. East of the Rockies add \$3.50. Postpaid.

SPECIAL NOTE—See Page 23 for Azalea listing.
